DATE

\* Note that the session times will change according to the schedule posted and circulated. Please consult the monthly schedules for times.

\*\* To encourage all skating members to "contract" for at least one night of ice, this year we are introducing a "flex pass." Each "flex pass" will cost \$630 and will allow a member to walk on to 35 skating sessions (45 or 50 minute sessions) during the 2009-2010 skating year. The price per session will be equivalent to the contract price for ice. Each "flex pass" can only be used once per week by the skating member for whom it is purchased. The "flex pass" sessions must be used during the 2009-2010 year.
